PROGRAM OVERVIEW

The Fairfield Secondary Summer School is a self-funded, credit-granting program that serves students enrolled in the Fairfield public high schools, and private and public high schools in the surrounding communities.

The main purpose of the program is to provide an opportunity for high school students to have credit restored in order to keep on pace for graduation.

The courses offered are not meant to serve as a replacement for the traditional high school year offerings. The courses are viewed as an extension of the school year where key course concepts are reviewed, taught, and tested.

COURSE OFFERINGS

The menu of summer school courses includes all levels of English, Social Studies, and Math. In Science, Biology is offered. Students also can make up Health classes and units of P.E. (1 semester = 20 hours of P.E.).

MASTER SCHEDULE

The school has two instructional blocks that run approximately 2 hours each. The four weeks are divided into two sessions.

Session 1 Dates: July 3 – July 14

Session 2 Dates: July 17 – July 28

The following blank worksheet and master schedule chart are designed to assist you in your planning. **This should be done in collaboration with your school counselor.**

COURSE CLOSINGS

Every effort will be made to run all courses posted in this bulletin. The staffing for summer school and running of courses, however, is dependent on the number of students who ultimately enroll. As mentioned, summer school is a self-funded program that is operated with the tuition of those who enroll. Therefore, the District reserves the right to adjust the master schedule or cancel a course due to insufficient enrollment.

If a course is cancelled, students will receive a full refund.

TUITION

Please refer to the tuition chart on page 4. Please note that there is a resident and non-resident rate charged for each course.

If a student withdraws from a course within the first four days of summer school, he or she will receive a refund of tuition minus a \$50 processing fee. No refunds will be given after the student's course has met for 4 days.

FINANCIAL ASSISTANCE

Financial assistance is available for students if they qualify for the free or reduced lunch program. It is required to contact Michele Sierau at msierau@fairfieldschools.org before registration to confirm eligibility.

BOOKS & SUPPLIES

It is required that all students have a Chromebook or appropriate laptop device. If necessary, a Chromebook can be issued to the student for the Summer school term.
